

Caught You In 4K

Written and Composed By: Anthony Holloway

Verse

He said he was workin' late again,
Same old story, same tired spin.
Then my girls sent what I couldn't unsee,
There you were and it sure wasn't me.

Pre-Chorus

I didn't raise my voice or make a scene,
I saw the whole truth on that little screen.

Chorus

You can keep on talkin', it won't change the facts,
You were caught red-handed, no turnin' back.
I don't need your story, I don't need your lies,
That little screen cut you down to your size.
Now I'm walkin' out, not a word left to say,
Honey, I just didn't catch you, I caught you in 4K.

Verse

Walked in steady, didn't break my stride,
You were mid-lie with nowhere to hide.
Had that screenshot burnin' in my hand,
Front row seat to your crash-landed plan.

Pre-Chorus

You thought you covered every track so clean
But the truth don't blur on a phone screen

Chorus

You can keep on talkin', but it's just a waste,
Look at all the truth that you have to face.
I don't need your reasons, I don't need your side,
That little screen gave me back all my pride.
Now I'm leavin' you with the bed that you made.
Honey, I just didn't catch you, I caught you in 4K.

Rap Bridge (Featured Artist)

Yeah, he thought he was slick, thought he covered his tracks
But receipts don't lie when they play it back
One pic, one text, now the truth on blast
Whole little story couldn't outrun facts
He lost a real one, that's a high price to pay
That's what happens when you get caught in 4K

Chorus

You can keep on talkin', I am done with you,
There ain't nothin' left that a lie can do.
I don't need your mercy, I don't need your plea,
That little screen set a better woman free.
Now I'm better off and I'm feelin' okay,
Honey, I just didn't catch you, I caught you in 4K.

Outro

Save your sorry, I don't need the replay,
I look better without you—in 4K.
