

# **I Hate It Here**

**Written and Composed By:** Anthony Holloway

## **Verse**

I said one beer, that was two hours ago  
Johnny's buying shots, I already know  
A few are laughing, one's picking a fight  
And I'm thinking, is this really my Friday night?

## **Pre-Chorus**

Knew this night was going south  
Soon as Ty said, "Just hear me out

## **Chorus**

I hate it here  
These boys always cross the line  
Turning one drink into closing time  
They're making damn sure I ain't going home  
Round after round, I'm staring at my phone  
And somehow I have another beer  
Damn, I hate it here

## **Verse**

Then she walks in with some six-foot-two  
Looking too good with somebody new  
My boys see her first, then look at me  
Next thing I know, I'm drinking tequila for free

## **Pre-Chorus**

Well, there goes Friday night  
Adam whispers, "Man, that ain't right"

**Chorus**

I hate it here  
These fools got a hell of a plan.  
Make me forget she came with that man  
Now I'm laughing way louder than I should  
Pretending I'm doing better than good  
Once more, I'm handed another beer  
Damn, I hate it here

**Bridge**

I always say, "I need new friends"  
But I'd pick these idiots all over again  
They know when to joke, they know when to care  
Guess that's why I keep coming back here

**Chorus**

I hate it here  
These boys still cross every line  
Turning bad ideas into a good time  
Now we're laughing out loud in her face  
Wouldn't trade these fools or this old place  
Might as well have another beer  
Damn, I hate it here

**Outro**

Walking toward the door  
Bo says, "Wait right there"  
Damn, I hate it here
