

# Reset My Heart

Written and Composed By: Anthony Holloway

## Verse

Woke up late, sunlight cuttin' through the room  
Cold coffee, but I'm hummin' a brand-new tune  
Your good-bye hit hard, but I ain't fallin' apart  
Losin' you just gave me room for a new start

## Pre-Chorus

Yeah, it stung like hell, but I'm done lookin' back  
Time to get this good thing rollin' down the track

## Chorus

I'm drivin' with the windows down, chasin' somethin' free  
Feelin' that beat put a little fire back in me  
Leavin' all the hurt in the dust where it belongs  
Every mile's another piece of me growin' strong  
Yeah, I'm walkin' outta shadows, leanin' into the spark  
One step closer to reset my heart

## Verse

Backroad rollin', got the rhythm ridin' shotgun  
New vibe settlin' in, the hurt is finally undone  
Sunset colors paintin' over what fell apart  
Givin' my fire that brand-new spark

## Pre-Chorus

Still got scars, but I ain't livin' in the past  
Good days hittin' quick, bad ones fallin' off fast

**Chorus**

I'm runnin' with the night feelin' lighter than before  
Turned the page clean, don't need your shadow at my door  
Put the past in park, let the good times take the wheel  
Findin' pieces of myself in every moment I heal  
Yeah, I'm miles from where I was when you tore us apart  
Time to finally reset my heart

**Bridge**

Yeah, It took a while, but I finally saw the truth  
That the love we lost was only holdin' back the new

**Chorus**

Now I'm ridin' with the sunrise pourin' in the cab  
Turnin' all the hurt into somethin' I ain't mad I had  
Let the beat keep drivin' all the weight from yesterday  
Yeah, I'm wide awake and finally findin' my own way  
Feels good breathin' again, drivin' outta the dark  
Think I finally reset my heart

**Outro**

Reset my heart...  
Brand-new start...  
Yeah, a brand-new start
